NOOSA BIN

Bins » Bin Housings

Contemporary outdoor bin housing with 3 hood styles. Concealed hardware means clean lines. Panels in hardwood, Duraslat™ XG and powder-coat finishes.

Description

Noosa Bin Housing Single is the ultimate chameleon—simple, contemporary, and endlessly versatile. With a clean, no-fuss body and concealed hardware for easy maintenance, Noosa is designed to deliver style and practicality in equal measure. Use it as a single bin housing or pair units together for a flexible waste solution that fits any environment.

Customise your Noosa with a choice of three hood styles, bold-coloured limiters for waste or recycling, and your pick of textured or metallic powder-coat finishes. Add a playful touch with optional feature panels. Affordable and adaptable, Noosa brings fresh, functional style to streetscapes, campuses, and public spaces—without compromising your budget.

How to Specify

Select your hood - Taper, Lean, or Skillion

Add limiters (Taper or Lean) - general waste or recycling

Select your feature panel finish

Select your feature panel colour

Select your body powder-coat colour

Select your hood powder-coat colour

Select your vinyl decal - general waste or recycling

Sustainability

Certified Hardwood
All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Recycled Materials
We locally source our steel and aluminium. It means we know it uses recycled content and is 100% recyclable.

Duraslat™ XG is made from 90% of recycled hardwood fibres and reclaimed plastic materials, which reduces demand for virgin materials.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™ XG

Cleaning

Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat

Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Warranty

5-year warranty. View the [warranty](#) for more details.

Customisable

The Noosa bin is locally made and customisable to suit your requirements.

Additional Comments

Options
3 hood styles to select from - Taper, Lean or Skillion.

Bold coloured limiters for general waste (red) or recycling (yellow) can be added to Taper and Lean.

Skillion hoods can be powder-coated in custom colours to identify between general waste (red) and recycling (yellow) on request (set up fees apply).

Additional Info
The array of hoods, finishes and colour options makes Noosa the ultimate chameleon, transforming into the perfect project fit.

Compression lock tightens with a turn of the key and prevents rattling noise for peaceful streets.

Perforation designs are child safe, conforming to AS4685.1 finger entrapment guidelines on play equipment.

Heavy duty butt hinges will keep your doors level and issue free throughout the life of the bin.
