MANDALAY LITTER BIN TRIPLE

Bins » Litter Bins

Modern, round, triple litter bins for indoors and out. Cladding in hardwood with a stainless-steel lid and plinth.

Description	Mandalay Litter Bin Triple channels the enduring beauty and warmth of hardwood, bringing natural elegance to public and commercial interiors. Its generous capacity allows for seamless multi-stream recycling within a single unit, while the gas-assisted lift mechanism ensures safe, easy emptying for staff. Mandalay offers the flexibility to manage waste and recycling needs with a unified design across various space requirements. Finished with your choice of hardwood battens in a range of profiles, the design is complemented by a satin-polished stainless-steel lid and plinth—welcoming people with energy, warmth, and timeless appeal. <i>Please note that the Mandalay Litter Bin Triple is not part of the Essential Collection.</i>

How to Specify	Select your slat finish Select your fixing type
----------------	---

Sustainability	Certified Hardwood All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system. Recycled Materials We locally source our steel. It means we know it uses recycled content and is 100% recyclable. Low Pollutants Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Stainless Steel

Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.

When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.

Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.

Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome & Stainless Steel Polish” to protect the surface after cleaning.

Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.

Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.

For stubborn stains or where “deep cleaning” is required, a mild abrasive cleaner or rust remover may be required.

Warranty

5-year warranty. View the [warranty](#) for more details.

Additional Comments

Manage recycling by splitting your waste streams.

Chutes act as limiters to signal recycling and save labour in sorting.

Gas struts on the triple lid safely and easily assist opening the bin for staff to replace bin bags.
